⁽¹⁾ Reporting period is January 1 through December 31.

⁽²⁾ Excludes records with unknown data for behavioral indicators, and data with errors for behavioral and demographic indicators.

⁽³⁾ Women who reported taking a multivitamin four times a week or more in the month before pregnancy; proxy for folic acid consumption.

⁽⁴⁾ Pregnant women who reported taking a multivitamin in the past month; proxy for prenatal iron consumption.

Percentages are not calculated if <100 records are available for analysis after exclusions.
